# TENSE

Designed by Piergiorgio Cazzaniga

Co-design Michele Cazzaniga

A mono-material table with a monochromatic finish.

The important technological innovation it incorporates, combined with the tensioning capacity of the components, makes it possible to build tabletops in large sizes, which remain perfectly flat and also extremely light.

Availability of equipped tables, with one or two openings for cable management and 'undertop' cable tray.

## FRAME AND TABLETOPS

A table available in two versions:

mono-material finish in matt white, made of acrylic resin and rock minerals;

monochromatic finish in matt black and turtledove in acrylic resin and stratified laminate.

## DIMENSIONS

The table is available in 24 sizes, height 73cm.
